I entered a question in **RED** to the attached file. It is in the "What Changes" section under item #3. That was all I found.

Not sure why it did not come through for you before, but here is the file you just sent me and I have added the revolving section info.

Julie/Mike,

I have corrections to the narrative but the revolving section is still blank. If you would please complete, review all sections to double check me as well and send it back to Julie and I for one final review it would appreciate it. Julie I think we may be close to completion. Is this the only document you and Dr. Cline will need for next week?

thanks, Felesha
